KCET ANNUAL TECH FEST DRAWS TALENT

A national level annual tech-festival "TechUrja-2k23", organised at Khalsa College of Engineering and Technology (KCET) under IEEE student branch in association with ISTE student chapter, attracted talent and innovations from across the state. More than 700 students from various colleges and schools participated and witnessed more than 50 events and competitions. Khalsa College governing council honorary secretary Rajinder Mohan Singh Chhina emphasised how the engineers are churning out without practical knowledge and we need to train the engineers in the workshops and not just in the classrooms. On the first day, variety of technical events viz code warrior, web war, IT chart/collage, machine drawing, solid modelling, bridge building, water purifier, survey hunt, auto-cad, electronic poster making, etc. were organised along with general non-technical events like quizpedia, extempore, group discussion, dish gardening, pot making, no flame cooking, preparation of mock-tails and towel art, etc. Apart from this, students from various colleges and schools presented their innovative ideas through working models based upon latest technologies viz; automatic watering device for plants, heart circulation and anaesthesia machine, cool pavement, mossaic concrete, hydrogenation dam, 3-D printer and many more. On the second day of the event, there were several competitions like entrepreneur talks, situation reaction test, paper presentation, esports along with singing and mimicry, tech reels and DSLR photography.
