FEEDBACK REPORT OF VARIOUS STAKEHOLDERS ON CURRICULUM

Action taken on feedback report received from Students, Teachers, Alumni and employees.

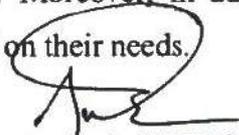

Action suggested on Students Feedback report

From the student's feedback Collected, analyzed and following points are mentioned by the students;

- i. Laboratory experiment should be attached with industry.
- ii. Some specific resource individuals should teach a variety of up-to-date methods or subjects to bridge the gap between the curriculum and industry updates.
- iii. The curriculum should incorporate the most recent software in accordance with industry demands.
- iv. More practical exposure by Industrial visits and guest lectures from Industry person is required.
- v. MOOC/Swayam Courses should be included in curriculum as a mandatory course with credits in every alternate semester in Professional Elective Courses.
- vi. Teachers should use virtual platforms to better grasp laboratory practicals.

Action taken:

- i. The institute uses the student development system to appoint visiting faculty in order to deliver the curriculum more effectively. The institute invites resource people from reputable institutions, such as IITs or NITs, to deliver the curriculum under this program.
- ii. To improve comprehension of curriculum-related practicals, the institute created a virtual lab platform.
- iii. The institute regularly hosts more technical expert talks, guest lectures, and technical activities.
- iv. More MOOC/Swayam Courses are prescribed to the students by the departments according to their requirement besides from curriculum. Moreover, In addition to the curriculum, teachers recommend courses to students based on their needs.

➤ Action suggested on Alumni Feedback report

As per the feedback collected, they recommended, the institute could host more training sessions focused on industry-oriented skills and entrepreneurship. They suggested regular implementation of hand-to-hand training with various contemporary ways. They also suggested hosting seminars to raise awareness of competitive tests and career counseling sessions. Students should be more familiar with the latest market and industry trends. They went on to say that more training derivatives and placement are required on monthly basis.

Action Taken: The College has taken note of alumni advice in order to maximize student involvement in the many off-campus/online university positions. With a focus on students' understanding of competitive assessments, technical development, and general personality, further seminars and classes are planned. The IIC and EDP cells provide more workshops, industrial visits, and entrepreneurship awareness encampments as part of a variety of initiatives to increase students' exposure to technology and business. Further efforts to put students on campus should be made by the Training and Placement Cell. Moreover, in this academic year we are successfully approaching towards the 100 % placements.

➤ Action suggested on Teachers Feedback report

Teachers are suggested to organize workshops, conferences or seminars on innovative teaching methods, technology integration, or student engagement strategies to create more confidence in the students. Also, introduce peer review systems to provide additional insights into teaching practices. According to the responses received, they also suggested to organize sessions on entrepreneurship to build their entrepreneurial skills, seminars and workshops on the art of living and human values, and systematic exposure to technology. The faculty also suggested to organize sessions where the students face emotional issues, genuine situations, and real-world challenges for their overall growth. Additionally, they suggested to facilitate the easy access of teaching aids, tools, and updated reference materials.

Khalsa College of Engineering & Technology

ਖਾਲਸਾ ਕਾਲਜ ਆਫ ਇੰਜੀਨੀਅਰਿੰਗ ਐਂਡ ਟੈਕਨੋਲੋਜੀ

Governed by Khalsa College Charitable Society, Amritsar, Estd. 1992
Approved by AICTE, New Delhi & Affiliated to IKG Punjab Technical University, Jalandhar (Govt. of Punjab)

Accredited By NAAC Grade "A"

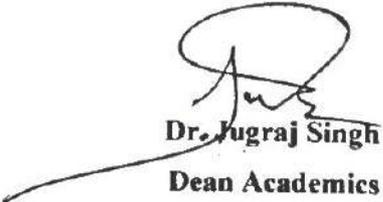

Action Taken: Several departments associate with IQAC offered highly effective programs like faculty development programs, conferences, and collaborative projects for enhancement of teacher's efficiency. Institute also organized various events such as accomplishment motivation, resume building, aptitude training and many other technical events in order to promote students' overall personality development. To increase the understanding of the importance of ethics, the art of life, and human values, the Human Values Cell has arranged more practical workshops for faculty. More effort has been made to ensure that the designated hours to carried out mentoring and professional development courses efficiently.

➤ **Action suggested on Employees Feedback report**

This report summarizes the feedback provided by employees regarding the curriculum. The goal of this evaluation was to identify strengths and areas for improvement in order to enhance the course's effectiveness and alignment with departmental objectives. They have suggested encouraging to put more efforts on problem solving statements in industry domain. They have suggested concentrating more on communication technology and languages which can improve their employability. A few employers recommended to incorporate more interdisciplinary content in curriculum to broaden the students' perspectives.

Action Taken: Based on feedback from employers, one of the recommendations was to provide a more detailed weekly schedule in the syllabus including soft skill, Competitive exam preparation programs and carrier counselling sessions. Training and placement cell Officer is advised to motivate the students to organize internships of students with various reputed institutes such as IITs and NITs. This action aims to help students manage their time better by offering clear, organized, and comprehensive information about course activities, deadlines, and expectations.
