The Saurera Times

International Conference at Khalsa College Explores IoT Trends and Applications

Amritsar: A two-day International Conference on "IoT Based Recent Trends in Engineering and Applications" was organized at Khalsa College of Engineering and Technology (KJET) here. The conference aimed to address the rapidly evolving world of IoT and its myriad applications across various engineering areas such as Smart cities, Healthcare, Environmental monitoring, educational various business models and more.

Dr. Dipankar Banejee, Director, Aryabhata Research Institute of Observational Sciences, Nainital, presented a talk on Aditya-1 mission starting from its assembling till launching. He threw light on the importance of studying the dynamics of Sun and its atmosphere. He said that this study would help to predict the environment of outer space and help in safe launching of satellites. Dr. Ajay Sharma, Director, National Institute of Technology, Delhi who is former Vice Chancellor of IKG Punjab Technical University, Jalandhar, said that one of the most compelling aspects of IoT is its ability to drive innovation and efficiency across various industries. By harnessing the power of sensors, actuators, and connectivity, organizations can optimize processes, reduce costs, and enhance productivity. He said that, with great power comes great responsibility. He said that with the proliferation of connected devices, the volume of data generated is staggering, raising significant questions about ownership, consent, and misuse.

Expert Session by Ultratech Cement

WEBINAR

Department of Civil Engineering arranged a Webinar on **20-09-2023** through Online Mode which was attended by all Faculty members and students of Civil Engineering Department. Webinar by Utec by UltraTech Cement Limited was organized and the topic was **“Causes, Prevention and Remedies of Cracks in RC Slab of Buildings”** by **Er. Ram Pant (Incharge Cement Application Lab,UltraTech Cement Limited.** The Webinar provided an opportunity to learn about new skills and Technique to prevent cracks practices in Civil Engineering and designed to equip with the knowledge, strategies needed to tackle cracks in RC slab effectively.

Quality of Concrete – Proper Mix & Admixture

Without WP+200	With WP+200
High W/C - Bleeding /Segregation --	Lower W/C - 10% Reduction Cohesive Mix --

Excessive compaction – High water and heavy compaction

Expert Lecture by Dr Ajay Kumar

EXPERT LECTURE

The Department of Civil Engineering and Mechanical Engineering, KCET-Amritsar organized expert lectures for 3 days two session every day on "Slope and Deflection & Bending and Shear Stresses" from 20-22nd September 2023. Dr. Ajay Kumar (Associate Professor-HOD of Civil Engineering Department, NIT Delhi) interacted with students. He started the lecture through an interactive gesture by asking students about their views and thoughts of mechanics on structural. He elaborated the slope and deflection, moment area method, theory of simple bending, section modulus of various cross sectional shapes, Determination of bending stresses and Shear stresses. The expert lecture was very interactive, student's found the lecture very interesting and informative.

Workshop by Er Harnek Singh under MoU

WORKSHOP

Department of Civil Engineering organized a Workshop on "AUTOCAD 2D, 3D, 3DMAX" by MR. HARNEK SINGH (DEXTROUS). The Workshop was conducted for Civil Engineering & Mechanical Students on 28th Sep 2023, at KCET, Amritsar. The motive of this workshop is to enhanced the knowledge about AUTOCAD, is a Computer-Aided design(CAD) program used for 2D Drafting and 3D modeling. STAAD, stands for Structural Analysis and Designing. STAAD Pro helps structural engineers automate their task by removing the tedious and long procedures of the mutual methods.
