About Us
Established by the 130-year old, legendary, non-profitable, non commercial Khalsa College Charitable Society, with the avowed aim of "welfare and Well-being of all" Khalsa College of Engineering and Technology, Amritsar (Accredited "A" Grade by NAAC) was established in 2009 to spread the benefits of quality-oriented technical education to the youth of India based on access and equality. Institute has rapidly grown to become the institution of choice for students. Sprwaling over and area of 17 acres the college has a colossal building, hostels, workshops, a fully automated library, seminar rooms, large classrooms, and laboratories equipped with cutting-edge technologies, instruments and machines. We strongly believe in equity of education. Currently institute is an ideal example of cultural diversity being the home to students from 8 different countries and various states of India. We under this institute are united under the roof of educational umbrella.

About The Conference
This Conference and Panel Discussion is being organized on 8th March 2024 to celebrate International Women's Day and aims to discuss thread bare the often-overlooked issue of the misuse of rights by women exploring its underlying causes, implications, and potential solutions. By fostering discussions and knowledge exchange, we seek to raise awareness and promote positive collective action towards achieving gender equality and justice. Our overarching objective is to empower women by addressing the root causes, raising awareness, fostering advocacy, and promoting accountability. By achieving these goals, we aspire to contribute to the creation of a more just and equitable society where all women can exercise their rights with dignity and autonomy, while safeguarding the rights of males.

- ◆ **Track 4: Mechanical Engineering**
- ◆ Industrial Automation Industry 4.0
- ◆ Additive Manufacturing (AM)
- ◆ 3D Printing Applications
- ◆ IoT in manufacturing activities
- ◆ Resource and Inventory management
- ◆ Factory asset management
- ◆ Manufacturing Supply Chain Management
- ◆ New avenues for engineers to design better
- ◆ Smart products
- ◆ Sustainable manufacturing
- ◆ Robotics in healthcare / medical industry / agriculture/defense.

Conference Highlights:-

To be eligible for inclusion in the Proceedings, at least one of the authors is required to register for the Conference. Submitted manuscripts will undergo a rigorous evaluation process to determine their suitability for publication in esteemed journals indexed in databases such as SCOPUS, Web of Science, or UGC CARE. Authors will be notified of the evaluation outcomes, and accepted papers will be published in reputable journals including:

- ◆ **International Journal on Interactive Design and Manufacturing (IJIDeM) (ESCI IF:2.1)**
- ◆ **Transactions of the Indian National Academy of Engineering (Springer Link)**
- ◆ **Recent Patent on Mechanical Engineering (Scopus)**
- ◆ **Royal Academia Publishing (TM)**

About Us

Established by the 130-year-old, legendary non-profitable, non-commercial Khalsa College Charitable Society with the avowed aim of "Welfare and well-being of all", Khalsa College of Engineering and Technology (accredited by NAAC Grade "A") is providing quality technical education to the youth of Punjab. The College is endowed with state-of-the-art infrastructure, well-equipped labs with the latest software, instruments, and machines, and highly qualified and committed faculty. Every day at this institution is a day of discovery and innovation as we encourage creativity in young minds.

About The Conference

IBRTEA-2024 sponsored by SERB is being organized from the 4th-5th of April 2024 at Khalsa College of Engineering and Technology, Amritsar. In recent years, Internet of Things [IoT] technology envisions developing a hyper-connected world, where intelligent systems can communicate and control each other to deliver highly diversified services and applications to users. The primary motivation of IBRTEA-2024 is to deliver state-of-the-art research insights on the Internet of Things [IoT] paradigm to access, manage, and control the objects/things/people working under various information systems and deployed under a wide range of applications like smart cities, health care, industries, smart homes, etc. The conference aims to showcase the ongoing research work in IoT Systems and is on the verge of transforming the current static Internet into a fully integrated Future Internet.

Conference Tracks

- ◆ **Track 1: Computer Sciences and AIML**
- ◆ Big Data as a Service (BDaaS) Platform and Technologies.
- ◆ Data Science and Scalable Computing
- ◆ Multi-Modal Perceptual Big Data Analysis
- ◆ Machine Learning on Big Data
- ◆ AI and Machine Learning for the IoT
- ◆ Block Chain and AI for supply chain management
- ◆ Cloud Computing Security
- ◆ Role of Human-Computer Interface
- ◆ Network Traffic Analysis and Trace-back
- ◆ Computer Aided Diagnostics
- ◆ AIML for Data Analysis in Healthcare
- ◆ Cloud Architectures for Healthcare
- ◆ **Track 2: Electronics & Communications**
- ◆ Green IoT
- ◆ Sustainable Design and Technologies
- ◆ Internet of Educational Things (IOET)
- ◆ Voice-Enabled IoT Applications
- ◆ Communication and Networking Technologies using IoT
- ◆ Real-time Systems using IoT
- ◆ 6G Enabled IoT
- ◆ Sensor networks using IoT
- ◆ IoT-Based Solutions for Smart Cities
- ◆ Communication Security using IoT
- ◆ IoT Biosensors and Bio-actuators
- ◆ Health Data Collection,
- ◆ Transmission, and Storage in IoT.
- ◆ **Track 3: Civil Engineering**
- ◆ Real-Time Site Management with AI
- ◆ Monitoring Construction Site with IoT
- ◆ Building Energy Management Systems Using IoT
- ◆ Seamless Project Safety Platform with AI
- ◆ IoT-enabled Smart Water Management Systems
- ◆ Intelligent Traffic Management Systems
- ◆ IoT for Soil Analysis in Construction Projects
- ◆ Urban Storm Water management practices with AI
- ◆ IoT and AI-based Smart Cities
- ◆ Energy Efficient Green Building Design With AI

STC Entitled “TECHNOLOGY INTEGRATION AND NEP 2020” From 12-16th June, 2023

ABOUT KCET

Established by the legendary Khalsa College Charitable Society in 2009, the college has rapidly grown to become the institution of choice for students in Amritsar who are interested in earning a technical degree. A beautiful college building, hostels, workshops, a cutting-edge fully automated library, seminar rooms, large classrooms, and laboratories equipped with cutting-edge recent software, instruments, and machines can all be found on the college's 16.27-acre campus, which is located in the affluent community of Ranjit Avenue. Students from all across India and the rest of the world come to our institute to study because of our forward-thinking instructional strategies, warm and inviting environment, and emphasis on additional skills to complement the primary curriculum. The principle behind KCET is all-encompassing and comprehensive in nature. The state-of-the-art facilities and committed teaching personnel at KCET are increasing the frontiers of engineering education as well as the opportunities available to graduates to pursue their respective professions.

OBJECTIVE OF STC

- To provide a holistic and flexible learning experience to students by minimizing the curriculum content and focusing on 21st-century skills such as analytical and critical thinking, experiential learning, and creativity.
- To provide digital repository of content which include the creation of course work, simulations, learning games for a fun based learning.
- To transform education with a clear objective to cater to the needs of this globalized society.

OUTCOME

- Industry-Institution collaboration can be seen as a solution in the implementation of ICT in education.

- Will pave the way for making the learners future ready as it stresses upon the learning of skills and technology.
- Envisions improvement in the learning outcome.

COURSE CONTENTS

With the approval of the Union Cabinet for National Education Policy 2020, the country, after 34 years, has got its new education policy. There is a lot of emphasis given on the integration of technology in NEP 2020 as technology can serve as an important factor which can pave the way for a holistic development. In NEP 2020, a special emphasis is also given on the regional languages as E-courses will be developed in the same. NEP-2020 is a revolutionary step taken towards the upliftment of education system. Technology, which has entered in almost every sphere of life, makes things accessible and there is a growing need to embrace technology in the education sector as well. Demonstrations shall be presented during the STC sessions by experts from NITTTR Chandigarh and other reputed academic/industrial organizations.

The indicative topics of the STC include:

- Thrust of technological interventions
- Adoption of Emerging Technology
- National Education Technology Forum
- Online & Digital Education: Challenges & Key Initiatives
- Equity and Inclusion in Higher Education
- Implementation Plan
- Effective Governance and Leadership for Higher Education Institutions

ABOUT INSTITUTE

Khalsa College Charitable Society, Amritsar is a non-profitable non-commercial education society, registered in 1893. Since then, this society has been doing yeoman's service by providing immense opportunities of the best quality in higher education to people from all over India. This society under its progressive leadership is guided by the true humanitarian spirit of the "Welfare and Well-Being of All" (Sarbat Da Bhala). Khalsa College of Engineering and Technology, Amritsar (Accredited by NAAC "A" Grade) was established in 2009 under the aegis of this society to spread the benefits of quality-oriented technical education to the youth of Punjab based on access and equality. Institute has rapidly grown to become the institution of choice for students in Amritsar who are interested in earning a technical degree. A beautiful college building, hostels, workshops, a cutting-edge fully automated library, seminar rooms, large classrooms, and laboratories equipped with cutting-edge recent software, instruments, and machines can all be found on the college's 16.27-acre campus, which is located in the affluent community of Ranjit Avenue. Students from all across India and the rest of the world come to our institute to study because of our forward-thinking instructional strategies, warm and inviting environment, and emphasis on additional skills to complement the primary curriculum. The principle behind Khalsa College of Engineering and Technology is all-encompassing and comprehensive. The state-of-the-art facilities and committed teaching personnel at Khalsa College of Engineering and Technology are increasing the frontiers of engineering education as well as the opportunities available to graduates to pursue their respective professions.

ABOUT VALUE EDUCATION

Human value education consists of teaching students about the values, beliefs, attitudes, and behaviours that are essential for leading a successful and fulfilling life.

It aims not just to impart knowledge, but also to develop students who are empathetic, kind, respectful, and responsible members of society. The content of Universal Human Values draws our attention to various fundamental aspects concerning human life and human happiness. It presents a set of proposals so that we may start exploring our own self and our expanse of living in order to better understand our life.

This FDP is in the form of dialogue, whereby a set of proposals about various aspects of the reality are discussed and the participants are encouraged to self-explore and self-verify these on the basis of their natural acceptance and experimental validation.

Background & Objectives

The foundation course on Human Values and visualization and extensive experimentation by the team of UHV resource persons and facilitators towards evolving an effective and universally acceptable methodology for introducing value education in the present curricula of technical and other professional institutions. Thus, it is in response to a long-felt and

Activity Undertaken	Objectives achieved/Details
5-Days Workshop on Basic Computer Skills for Non-Teaching Staff of Khalsa College of Engineering & Technology	<ul style="list-style-type: none"> The primary objective of the workshop was to enhance the computer literacy of the non-teaching staff at Khalsa College of Engineering & Technology. The workshop aimed to empower the participants with essential computer skills required for their administrative and operational roles. One of the key goals was to bridge the digital divide among the non-teaching staff, ensuring that they can comfortably use computers and digital tools in their day-to-day work. The workshop intended to boost the efficiency of staff by providing them with the knowledge and skills to streamline their work processes through the use of computers. Building the confidence of participants in handling various software applications and troubleshooting common issues was another important objective.
