## Mexican Artists enthralled audience at Khalsa College of Engineering and Technology

@TheSaveratimes

**Amritsar:** The foot-tapping and head swinging dance and music program was today presented by artists from Mexico at Khalsa College of Engineering and Technology (KCET). There was an attractive fusion of Indo-Mexican folk exchange as the singers and dancers from two countries performed together at 7th Khalsa College International Folk Festival. The dramatic presentations reached crescendo when dancers from Mexico and College students, clad in their traditional dresses, took to the stage and the audience broke into applauds and cheers. It

was a rare and magical spectacle of music frenzy. The festival was organized by Khalsa College Governing Council (KCGC) in collaboration with Punjab Cultural Promotion Council (PCPC) and hosted by KCET and Khalsa College of Education (KCE) jointly. The

Mexican Folk Ensemble 'Tierra Mestiza', led by their director Carolina Ordaz Ortiz danced and sang their native folk in their traditional dresses as they took to stage with enthusiasm. The music and theatrical presentation touched nerves as they gave enthralling presentations.

The Khalsa institutions' students meanwhile exhibited Punjabi Bhangra and Gidda and Himachali Naati and Kashmiri Rouf dances during the festival. KCET Director-Principal Dr.Manju Bala who welcomed the guests said the purpose of the festival is to foster understanding between diverse cultures. She said such programs give the students exposure to learn the traditions of different countries.
