## Policy Document on Disabled Friendly Environment

Khalsa College of Engineering and Technology recognizes the importance of providing the harmonious environment to each and every student so that there is overall growth in their personality. This policy on Disabled Friendly Environment focuses on holistic development of the students with physical disability by creating an atmosphere that provides them with equal rights and opportunities for the participation in various activities of the institution.

The main points of focus are:

1. To ensure that the design of the building such as ramp/lift should be according to the disabled persons.
2. To ensure the usable and functional washroom facilities should be provided for disabled persons.
3. Ensure equal opportunities to differently-abled students in various courses.
4. To encourage and ensure equal opportunities to differently –abled students in co and extra-curricular activities.
5. Enable support in creating an environment that is inclusive and helps nurture their professional growth.
6. To monitor the participation and progress of persons with disabilities.

The institute has also formed a following committee for the support of differently-abled students.
