Dr. Bala said that purpose of organizing such symposiums and events is to facilitate discussions, share knowledge, and address challenges in the field of healthcare. One of the primary purposes of healthcare symposiums is to disseminate new research findings, medical advancements, and best practices. She said that Healthcare involves a wide range of disciplines, from medicine and nursing to pharmacy, public health, and technology. Symposiums provide a space for professionals from different backgrounds to collaborate, exchange ideas, and find ways to work together more effectively to improve patient care and outcomes. She said that such events provide opportunities for continuing education and professional development. She congratulated the Department of Paramedical Sciences and its faculty for organizing the event.

Different delegates and speakers threw light on the topics like; Power of Synergy in Health care, Emerging Technologies in Healthcare, and Building Synergy in Healthcare. Along with this there was also panel discussion and round table discussion on Collaborative Approaches to Patient Care and Envisioning the Healthcare Landscape of Tomorrow. There were also technical events like Working Model Presentation, Technical Posters and Technical Quizzes. There were also declamation and speeches by students on this occasion. Event concluded with National Anthem.

S. Rajinder Mohan Singh Chhina Honorary, Secretary, Khalsa College Charitable Society appreciated the efforts of Director and her team for such technical events. He said that such events widen the horizons of students and give them a chance to interact with other bright and creative minds
